

# Asya Andreeva

## —Web Developer & UI/UX Engineer —

Skilled in JavaScript, HTML, CSS, and learning React, with experience in Java and Python. Proficient in building responsive websites using platforms like WordPress, Webflow and Framer. With a background in robotics and teaching, I combine technical skills and hands-on problem-solving to create user-friendly digital solutions. Passionate about coding and continuously expanding my expertise in both development and design.

## Work Experience

### Web Developer and UI/UX Engineer

IT Design | Sofia | Apr 2023 - Present

I focus on developing responsive, high-performance websites, translating design concepts into functional sites using HTML, CSS, JavaScript, WordPress, and Webflow. I solve technical challenges and optimize performance for seamless user experiences. One of the projects I worked on was developing a website for the non-governmental organization -> [NordicHub](#).

- Using CSS, HTML and JavaScript.
- Creating UI/UX design solutions with Figma.
- WordPress, Webflow & Framer for website development and maintenance.

### Student teacher

SoftUni Kids | Online | Sep 2023 - Present

- Collaborate with another lecturer to teach groups of 7 to 14-year-old children in an online environment, focusing on fundamental programming principles using Scratch.

## Education
